this book provides a distinctive and critical analysis of the anti money laundering aml measures that have been put in place in türkiye and the united kingdom the work presents a comparative analysis of if and to what extent the aml regimes in these jurisdictions are

fit for purpose in countering some of the most pressing predicate crimes it investigates the aml regimes relating to tackling the riskiest most prevalent predicate crimes that is drug trafficking and tax crimes thereby filling a significant gap within the current literature the study provides insights into the effectiveness and efficiency of national aml frameworks adopted by türkiye and the uk in addressing distinct crimes thereby identifying essential features of an optimum aml ecosystem that could effectively address predicate crimes regardless of their nature this novel approach offers a detailed analysis of the law in books and law in practice elements of the aml regimes in türkiye and the united kingdom which will set the tone for conducting similar studies in other jurisdictions the book will be of interest to academics researchers and policy makers working in the areas of financial crime law enforcement and comparative law

this book explores the origins history and organisation of the international system of narcotic drug control with a specific focus on heroin cannabis and cocaine it argues that the century long quest to eliminate the production trade in and use of narcotic drugs has been a profound failure the statistics produced by the international and domestic narcotic drug control agencies point to a sustained expansion of the drug trade despite the imposition of harsh criminal sanctions against those engaged as producers traffickers or consumers in the narcotic drugs market the roots of this major international policy failure are traced back to the outdated ideology of prohibition which is shown to be counterproductive utopian and a fundamentally inadequate basis for narcotic drug policy in the twenty first century prohibition championed by many us policy makers has left the international community poorly positioned to confront those changes to the drug trade and drug markets that have resulted from globalisation moreover prohibition based approaches are causing more harm than good as is demonstrated through reference to issues such as hiv aids the environment conflict development and social justice as the drug control system approaches its centenary there are signs that the global consensus on narcotic drug prohibition is fracturing some european and south american states are pushing for a new approach based on regulation decriminalisation and harm reduction but those seeking to revise prohibition strategies faces entrenched resistance primarily by the u s this important text argues that successive american governments have pursued a contradictory approach acting decisively against the narcotic drug trade at home and abroad while at the same time working with drug traffickers and producer states when it is in america s strategic interest as a result us policy approaches emerge as a decisive factor in accounting for the failure of prohibition

the northern ireland peace process has been heralded by those involved as a successful example of transformation from a violent conflict to a peaceful society this book examines the implementation of the belfast agreement in northern ireland and evaluates whether its goal to establish a normal peaceful society has been fully realised using the political and legal status of england scotland and wales as a comparison jessie blackbourn evaluates eight aspects of northern ireland which the agreement aimed to normalise the contested constitutional status of northern ireland the devolution of power decommissioning the removal of emergency laws demilitarisation police reform criminal justice reform and paramilitary prisoners the book highlights the historical context which gave rise to the need for a programme of normalisation within the belfast agreement with respect to these areas and assesses the extent to which that programme of normalisation has been successfully implemented by evaluating the implementation of the belfast agreement the book demonstrates the difficulties that transitional or post conflict states face in attempting to wind back extraordinary counter terrorism policies after periods of violence have been brought to an end the book will be of great use to students and researchers concerned with the emergence evolution and repeal of anti terrorism laws and anyone interested in the history of the conflict and peace process in northern ireland

the series compiles in geographical volumes a wide range of important and influential academic articles on contemporary terrorist political violence volume 2 contains 22 articles which break down into broad categories including the causation of violence participants in terrorist activity the impact of terrorism and responses to the crisis both republican and loyalist terrorism are considered with the latter receiving more attention than is usually the case annotation copyright by book news inc portland or

follows the nazis attempts at a large scale deportation system after its invasion of poland in 1939 as it sought to reclaim territory and repatriate that space with an ever expanding population of ethnic germans standing in the way however were millions of ethnic poles rutherford recounts the strenuous efforts and unexpected obstacles to the deportations which in many ways were a dress rehearsal for the final solution

usually given short shrift in most histories of world war ii hitler s invasion of poland was more than a series of opening salvos it was a testing ground for german brutalities to come this is a comprehensive study of the campaign including insights into its ideological underpinnings

paddock also includes new sections on american psychological warfare in the pacific the army rangers the 1st special service force and american led guerrillas in the philippines book jacket

reveals how cold war u s presidents intervened in latin america not as the official argument stated to protect economic interests or war off perceived national security threats but rather as a way of responding to questions about strength and credibility both globally and at home

the most detailed study of soviet military industrial espionage during the 1930s 1940s and 1950s spying aimed specifically at acquiring restricted information and materials relating to american industry technology and science
